## Creative Ways to Make Meetings Matter.

POWER-UP  
SERIES

Leave meetings wishing you could get that hour back?  
Struggle to stay focused and engaged, especially on all those video calls?

In nearly every company survey worldwide, **meetings are the #1 thing employees cite as unproductive**. Most meetings are *status quo* but they don't have to be that way. You can create meetings that really matter with **clear guidelines, effective communication channels, roles, and outcomes with a creative perspective**. You can **shorten meetings, encourage engagement, and end your day without video fatigue** if you have the proper preparation.

**Make meetings matter from the room to the Zoom and return on the time you invest.**

The speaker feedback for Marcey was some of the best I've ever received for our organization. She nailed the time planning issues many of us had and gave solid, specific strategies that we were able to implement immediately. She has a dynamic personality that fills the room.
